

# ***INFO PACK 2014***

**In partnership with**

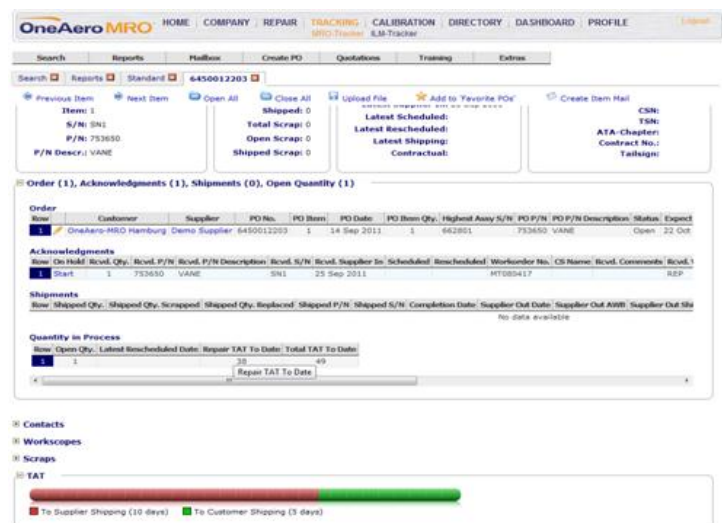

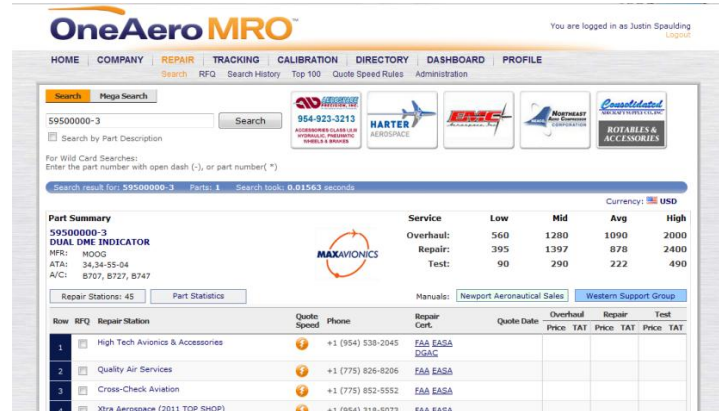

## INTRODUCTION

OneAero MRO is the aviation industry's ONLY online service focused exclusively on the Maintenance, Repair and Overhaul (MRO) market. Since its launch in March of 2000, OneAero MRO has grown to be the industry's largest repair capability, and repair tracking database.

## PRODUCT OVERVIEW

- Our **Repair Capabilities** feature is the largest in the world! It offers repair data such as part number, part description, ATA Chapter, Aircraft Applicability data, Industry Average Cost information to Overhaul, Repair and Test the part, Part Statistics, as well as Repair Manual data.

- Our **MRO-Tracker** feature is enjoyed by thousands of repair order administrators and customer service representatives. It tracks the repair status of components as they go through the repair process. Repair centers and MROs use the MRO-Tracker to provide customized repair status reports, automatically delivered to their customers by e-mail, thereby eliminating manual, time consuming and costly efforts that are normally associated with the repair order management, tracking and reporting process.

- Our **Calibration** feature, supported by CalibrationSearch.com, is a comprehensive system which assists repair centers in finding calibration labs capable of calibrating test and measurement equipment. Using this feature to search calibration labs and measurement equipment is free of charge.

## QUICK FACTS BY PRODUCT

### REPAIR CAPABILITIES

- Repair capabilities listed: 3,300,000+
- Repair Centers listing their capabilities: 500+
- Total page views per month: 50,000+

### MRO-TRACKER

- Number of participating MRO customers: 2,300+
- Number of participating MRO suppliers: 1,900+
- Number of MRO-Tracker Users: 5,000+
- Number of MRO-Tracker status reports sent in 2013: 600,000+

### CALIBRATION SEARCH

- Calibration Labs listed: 120
- Model numbers listed: 500,000+

### MYAERO.NET

- New Users per Month ca. 2,500
- Listed Companies 15,000+
- Listed Facilities 28,000+
- Part Numbers 37,000,000+
- Specialties 300+
- Airlines 1000+
- Aircraft 1000+
- Engines 2,500+
- ATA-Chapters 350+

## WHAT MAKES US DIFFERENT

OneAero MRO is the place where repair business gets done! Every day hundreds of repair administrators from airlines, parts suppliers and repair centers use our system to find repair sources, track repair orders, or find calibration lab to their test equipment.

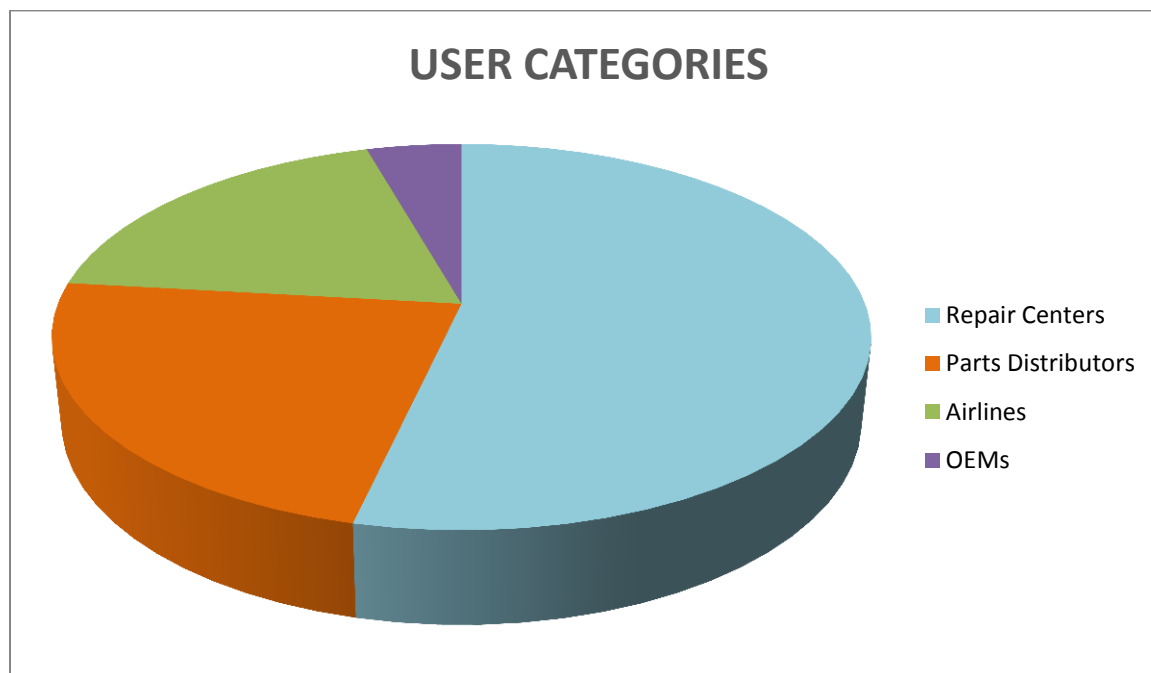

If you are wondering what makes us different, consider this question: **What do all these online aviation databases have in common?**

*ILS Mart®*  
*PartsBase®*  
*Aerexchange®*  
*FiPart®*  
*Parts Logistics®*  
*StockMarket®*

Answer: They ALL, without exception, specialize in the listing and selling of Inventory. Repair information is a “me too” product for most of these companies. OneAero MRO is the **ONLY** site focused **EXCLUSIVELY** on the aviation repair market, and is the #1 choice of repair centers around the world.

## USER BREAKDOWN

## **SITE STATS (30 Day Sample OCT. 2013)**

• Page Views - OneAero-MRO.com:	142,397
• Total Number of Airlines:	1000+
• Total Number of Parts Suppliers / OEMs:	350+
• Total Number of Repair Centers:	560+
• Total Number of New Users:	2,443
• Total Number of Repeat Users	11,325

### **Repair Capability Product**

• Number of Capabilities Listed:	3,365,236
• Percentage of Active Capabilities with Pricing Data:	83%
• Number of Shops Listing Repair Capabilities:	523
• Avg. Number of Capability Searches:	42,000
• Avg. Number of RFQs:	5000
• Percentage of RFQs with Responses Sent:	74%

### **MRO Tracker Product**

• Number of customer/supplier transactions processed:	150,000
• Number of customer/supplier data connections:	15,000+

## **REACH YOUR TARGET MARKET EVERYDAY**

Each year hundreds of companies spend millions of dollars to advertise in printed publications, and tradeshow, but many neglect to understand the superior return on investment from web based advertising.

**Fact:** Online advertising is a 100 times more effective than print advertising. Why? Because print advertising typically gets **one impression for every 900 impressions online**. Additionally, there's simply no guarantee that the target market you want to see your print ad will ever actually view it.

**Fact:** Return on investment is far superior in every way to trade shows. Why? For the same reasons mentioned above for print advertising. There is simply no guarantee that your target market will see, or even visit, your booth. The number of impressions is insignificant when compared to the amount of impressions advertisers receive through **repeat visits online EVERY DAY**.

**Fact:** Online advertising is usually **a fraction of the cost of print advertising and tradeshow**s. Dollar-for-dollar there is no better advertising medium than online advertising. The cost per impression is a fraction of what you would normally pay for a print ad, or to exhibit at a tradeshow.

## Home of the Annual Top Shop Awards

*2013 Top Shop Award Recipients*

2013 marks the 5th year of the annual Top Shop Awards. The purpose of these awards is to recognize the repair centers that provide superior customer support, excellent turn-around-times and competitive repair pricing. Only 17 out of over 500 repair centers listed on the OneAero MRO database were selected to receive this award.

All winners of the Top Shop Awards were nominated, and ultimately selected, by their peers in the aviation industry. OneAero MRO tabulated all the nominations to create a “short list” of finalists. The Finalists list was then distributed to a panel of 20 airlines and suppliers, from around the world, that were responsible for selecting this year’s winners.

The awards are presented each year at the MRO America™ trade show, sponsored by Aviation Week®.

Search Only and Repair Center customers have two payment options: monthly payments or prepayment.

### SEARCH ONLY

<b>Repair Search Customers</b>
Pricing is calculated on a case-by-case basis, depending on your company's business characteristics, company size, number of facilities, number of users, etc. Monthly, or prepayment options are available.

### REPAIR CENTERS

	<b>Monthly</b>	<b>Prepay</b>
<b>List , Search, Unlimited Users</b>		
*Unlimited Searching, Unlimited Listing of Data, Unlimited Users		
	\$159/Mo.	\$1908/Yr.
	€120/Mo	€1450/Yr.

### MRO-TRACKER

Pricing is calculated on a case-by-case basis, depending on your company's business characteristics, the implementation complexity, company size, number of facilities, etc. Subscription includes unlimited access to all MRO-Tracker features. We also offer private label products and custom integration solutions. MRO-Tracker customers that are only using the MRO-Tracker system for monitoring and tracking of status data, provided by their repair vendors, can use the system free-of-charge.
---

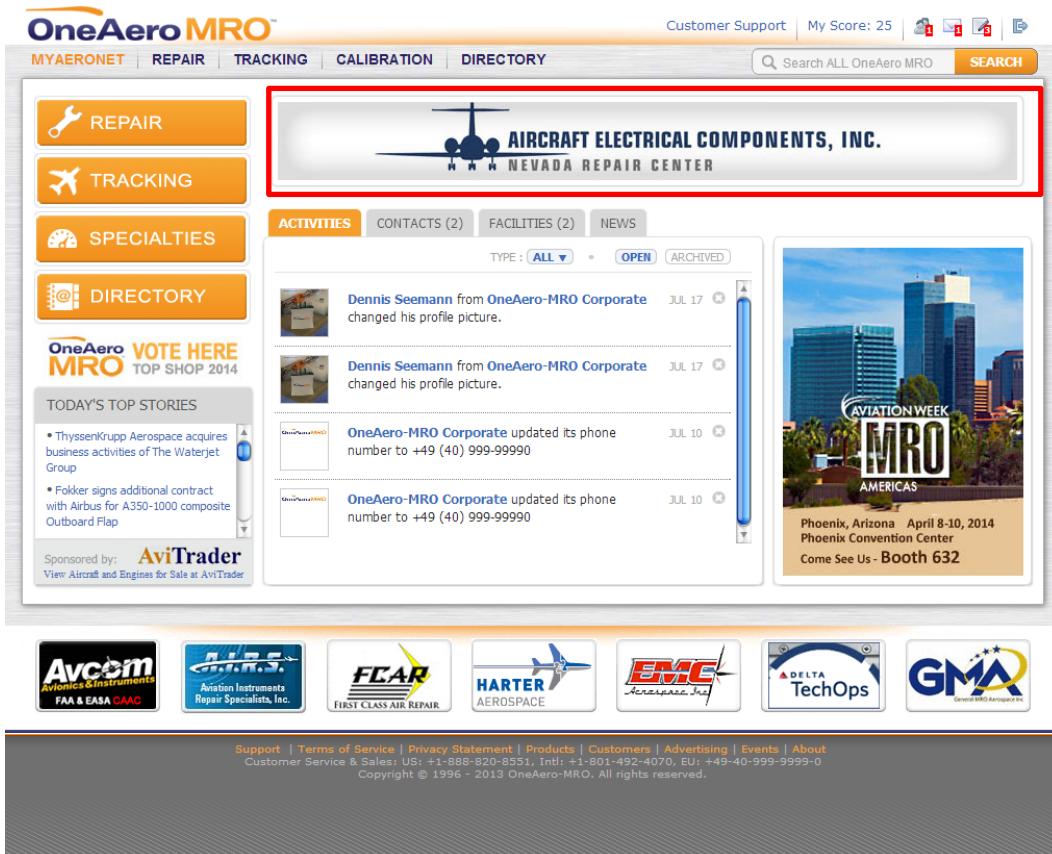

### CALIBRATION SEARCH.COM

	<b>Monthly</b>	<b>Prepay</b>
<b>FREE TO SEARCH AND LIST DATA</b>	\$0/ Mo.	\$0
	€0/Mo.	€0

<b>Advertise on Categories</b>	\$9/Mo. per Calibration Category
*Unlimited Listing of Calibration Data

## Homepage Long Rotating Banner Ad (highlighted in red)

The screenshot shows the OneAero MRO homepage. At the top, there is a navigation bar with links: MYAERONET, REPAIR, TRACKING, CALIBRATION, DIRECTORY, and a search bar. Below the navigation bar, there is a sidebar on the left with buttons for REPAIR, TRACKING, SPECIALTIES, and DIRECTORY. The main content area features a long rotating banner ad for "AIRCRAFT ELECTRICAL COMPONENTS, INC. NEVADA REPAIR CENTER", which is highlighted with a red border. Below the banner, there are sections for ACTIVITIES, CONTACTS (2), FACILITIES (2), and NEWS. The NEWS section shows several updates from OneAero-MRO Corporate. On the right side, there is a promotional banner for "AVIATION WEEK MRO AMERICAS" in Phoenix, Arizona, from April 8-10, 2014, at the Phoenix Convention Center, Booth 632. At the bottom of the page, there is a row of logos for various aviation service providers: Avcom, A.I.R.S., FLAR, HARTER, EMC, Delta TechOps, and GMA. Below the logos, there is a footer with links for Support, Terms of Service, Privacy Statement, Products, Customers, Advertising, Events, and About, along with contact information and copyright notice.

## Directory Long Rotating Banner ad (highlighted in red)

The screenshot shows the OneAero MRO website interface. At the top, the OneAero MRO logo is on the left, and navigation links for Customer Support, My Score: 25, and social media icons are on the right. Below the logo is a horizontal menu with links: MYAERONET, REPAIR, TRACKING, CALIBRATION, and DIRECTORY. A search bar with the text 'Search ALL OneAero MRO' and a 'SEARCH' button is located to the right of the menu. The main content area is divided into two columns. The left column contains a 'DIRECTORY' sidebar with icons and links for Search, People, Facilities, Part Numbers, Specialties, Airports, Airlines, Aircraft, Engines, and ATA-Chapters. Below this is a 'YOU MAY KNOW (3)' section featuring three profile cards for Michael Harms (CFO), Gregor Cieslak (Software Engineer), and Donald Duck1 (Purchasing Manager), all from OneAero-MRO Hamburg. A 'VIEW MORE' button is at the bottom of this section. The right column features a large advertisement area highlighted with a red border. The ad contains the text 'Advertise Here' and 'Click here to contact us' next to the OneAero MRO logo. Below the ad is a 'PEOPLE' section with a search bar and a 'SEARCH' button, followed by a row of alphabetically indexed buttons from 0-9 to Z.
